Sir:

The references cited on attached form PTO-1449 are being called to the attention of the Examiner. Copies of the references are enclosed. In addition, applicant encloses a copy of an International Search Report (with English translation) dated June 1, 1999, which was issued in conjunction with the above referenced international application, and in which these references were cited. Applicant notes that reference AA on attached Form PTO-1449 corresponds to Japanese unexamined patent publication No. 3-174018 which was also cited in the International Search Report.

It is respectfully requested that the cited information be expressly considered during the prosecution of this application, and the references be made of record therein and appear among the "references cited" on any patent to issue therefrom.

As provided for by 37 CFR 1.97(g) and (h), no inference should be made that the information and references cited are prior art merely because they are in this statement and no representation is being made that a search has been conducted or that this statement encompasses all the possible relevant information.

Respectfully submitted,
